'The true home away from home'

A true, tried and tested model in our range. This tent is the result of decades of testing and has evolved through constant improvements in both options and finish. Our new range features a completely free standing tent with all poles permanently attached in the main structure, even standing on its own without guy ropes. Simply open the camper up, step inside and extend the internal pole system in the tent and you're done.

This tent is so versatile it can be set up in a matter of minutes for a comfortable one night getaway, a weekend with the family or extended stays at your favourite camp. With an extensive list of standard features and options to adapt the tent perfectly to your needs, it will be sure to tick all the boxes.
